Young Minds, Sharp Thinking

Shreyas Srinivasan and Rishaan Harsha of Class 7 secured Second Place in an Inter-School Quiz Competition organised by St. Joseph's Central School, Mysuru.

The competition challenged participants to draw upon their knowledge, think critically and respond accurately within limited time. Both students demonstrated quick recall, logical reasoning and the ability to connect information across different subjects. Their attentiveness, presence of mind and confident responses helped them navigate the questions and perform well against their peers. Their achievement reflects their enthusiasm for learning and their ability to put their knowledge into practice in a competitive setting.
