

Dear Parents,

Greetings from Excel Public School!

I hope this communication finds you all in the best of health and well-being.

We are all going through difficult times, with the pandemic and the ensuing lockdown and its impact. Eternal vigilance, strict adherence to the protocols and cooperation with the authorities are the only ways by which we can save ourselves and our community from the ongoing pandemic. Let's not compromise on it.

In the current scenario it looks like our children will have to attend online classes, at least for the first few months of the new academic year. However, the school will be commencing the online classes from the month July, and the details regarding the same shall be sent to you once the dates are finalized.

From the experience of having conducted online classes successfully during the past one year, our teachers are confident and well prepared to engage our students online, in a meaningful, effective and productive manner.

We are also trying to get the text/note books for the next academic year before the commencement of the online classes. The details regarding its availability and date of distribution shall be communicated in due course.

Those parents who are yet to submit certain documents, including TC from the previous school, may arrange to submit the same before the commencement of classes.

Let's hope and wish for the current situation to improve, sooner than later.

Please stay safe and healthy.

Best Regards,

Mathew K G
Principal
