

1<sup>st</sup> May, 2021

Dear Parents,

Greetings from Excel Public School!

A note of gratitude to all of you, at the end of this 'unusual academic year'.

The academic year 2020-21 has been extremely challenging for every one of us, owing to the COVID- 19 pandemic that hit the world. During these trying times, we at EPS were working continuously towards developing strategies and tools to effectively facilitate the teaching-learning process for our students from a distance. The decision to shut down school buildings and to conduct online classes presented a host of challenges. However, our teachers have been tirelessly working towards combating the problems faced by our students and making classes interesting and effective, which, we believe, we have been able to achieve, at least to a good extent.

All these were possible because of the support from all of you. You stood by us, gracefully accepted our decisions and helped us encounter 'the teaching learning crisis' that pandemic brought along with it. Your feedback, suggestions, occasional notes of appreciation and, moreover, trust and faith in the effectiveness of the online teaching-learning, boosted our morale and pushed us to do better. We are immensely grateful to you for your continued support and encouragement.

We are also greatly indebted to you for supporting the school financially, by paying the Annual Fees, which could help us take care of the financial security of all our colleagues.

A big THANK YOU to all our parents, from all of us at EPS.

As we draw close the curtains of online classes for the time being, I promise you that we would work wholeheartedly and tirelessly to ensure that we scaffold the learning needs of our students better and more effectively, from the start of the new session, on-line or offline.

Until then, stay safe and healthy.

Thank you

Mathew K G  
(Principal)

Please note:

- The Assessment Report of Kindergarten to Class 7 will be shared individually soon.
- We shall also be communicating the schedule for the new academic session, once we receive directions from the authorities concerned.
