

## Garden Glory!

In the Dasara Competition 2023, the Excel Foundation School Hootagalli garden won the First Prize in the 'Decorative Gardens' category. With meticulous attention to detail from our garden staff, our EFS Hootagalli garden is adorned with vibrant flowers, perfectly sculpted hedges, and blooming trees. Our garden is also an outdoor learning space, inspiring a love for nature and environmental guardianship. The Best Maintained Decorative Garden Award evokes a sense of pride, reinforcing our commitment to aesthetic beauty and sustainability and nurturing young minds within nature's grandeur.
