

## Amazing Ambassadors

India's International Movement to Unite Nations (IIMUN) is a prominent youth-led organisation renowned for hosting Model United Nations conferences. The forum offers a platform for students to replicate UN procedures, engage in global discussions, and understand the dynamics of international relations and leadership. Held recently from August 2nd to 4th, 2024, at Mansarovar Pushkarini School, Mysuru, the conference saw notable achievements by our students.

Our students demonstrated brilliant competence across various committees, securing prestigious Best Delegate awards in nearly all categories. They also received accolades such as High Commendation, Special Mention, and Verbal Mention for their outstanding performances. The 'Best Delegation Award' was presented to our school, highlighting the noteworthy efforts and eloquence of the delegates from EPS.
