

## Blossoming Success

We are thrilled to share that both our campuses, Excel Public School Hootagalli and Koorgalli, secured First Prize in the Dasara Institution Garden Competition 2025 under the Educational Institution category.

This outstanding achievement celebrates the dedication and passion of our gardening teams, whose tireless efforts have transformed the campuses into lush, vibrant, and sustainable green havens.

Our gardens are beautiful spaces, living classrooms that nurture curiosity, inspire environmental stewardship, and create joyful learning experiences amidst nature's splendour.
