

Excellence in Scientific Exploration

Ganavi B of Class 8 delivered a stellar performance at the “Kishora Kammatta - Scientific Presentation Competition” hosted by URSC, ISRO, Bengaluru, securing First Place among participants from 19 schools across Karnataka. Her articulate and engaging presentation on the Zeroth Law of Thermodynamics stood out for its clarity, scientific depth, and confident delivery, reflecting her curiosity, dedication, and growing passion for space science. Her achievement shines brightly, celebrating both her academic excellence and her remarkable potential as a young scientist in the making.
