

## Young Minds, Big Impact

With clarity of purpose and a strong commitment to sustainability, Team Eco Prabal from Excel Public School secured First Place at the Vision Mysuru 2050 Grand Finale, organised by SDMIMD, Mysuru.

Selected among the top five out of 317 entries, their project SHUDHI- an Eco-Engineered Modular Multi-Stage Filtration Unit for Drainage Networks stood out for its practical, scalable approach to lake conservation and wastewater management.

The team Dishaa Arjun, Saanvi Bojamma K M and Amritha Biligiri Prashanth, guided by Akhil Sasankan presented a solution that was both thoughtful and implementable, reflecting a vision of a cleaner, more sustainable Mysuru shaped by young, determined minds.
